MY TIME

- A** Practising organic beauty products at home
- B** Reading blogs on make-up
- C** Social media
- D** Honing my career skills

SUMMARY

During my initial stages of my career, I was highly passionate about working overseas. Metaphorically, I'm trying to explore other oceans and avenues on Earth. Now, I put that perseverance to work, I believe that working on-shore gives me a great zeal to exhibit my expertise and contribute more to the organization.
